Subject: JANE HERRING, MONTCO. O.C. NO 2021-X2110

Counsel –

Judge Weilheimer spoke with Ron Fenstermacher, Herring Trustee, last week regarding how to ensure any balance owed by Arthur at the time of Jane's passing could be paid by Arthur's inheritance placed in trust. He recommended that we have Arthur sign a consent authorizing this action. To that end, she asks that Mr. Meitner discuss what is needed with Mr. Fenstermacher and have his client sign the appropriate authorization. Judge Weilheimer is out of the office this week, but asks that this consent be provided to her by April 1, so it can be appended to her Order holding the pending contempt proceeding and eviction in abeyance.

responding

Ms. Copestick,

I have seen where you and the others are not responding to my emails of questions on this ongoing scam on my Mother and her assets.. I can assure you and the others, I have much better things to do that to write emails of questions I have, only to have them ignored. Everyone has been getting paid on this scam, except me. I have been the one who has wasted every day, for the past 2 years, and my home and unknown amount of money on lawyer fees trying to help, protect and to get my Mother home. The same place the court's own hand picked "expert" ledakis, said Mother could live and he also stated since I had been there for over a year, everything was going fine.

For future reference, every email I send to you, I also send one back to myself as a paper trail for future use.

ledakis invoice

Ms. Copestick,

As per the order by Gail for another ledakis "evaluation" to determine if my Mother can be left alone with me, keeping in mind what my sister did and her treatment to my Mother for 2 weeks at sister's house that put my Mother into the hospital for 6 weeks, treated for starvation and in addition several months ago Gail eliminated all of the restrictions on visits and visit time on my sister to be with Mother.

I want to know why Gail is making my Mother pay for another one of his so-called "evaluations"? As it is well known ledakis, Gails hand picked "expert", said in his report #1 that Mother can live at home and since I have been there for over a year, everything was going fine. So why did nobody, including Gail, jaskowiak, blumer, logie, zabowski, klock, gelsinger, and fenstermacher keep her/send Mother back home to live in freedom, with her own loved possessions and stay physically and mentally active, as opposed to how Mother has been forced to live for the past 2 years while her money and her life has been wasted and unhappy?

As it is known, in the Order Gail made about 2 months ago where she wanted me to get some type of evaluation, for what it seems to be for the same purpose this time, Gail said the county would pay for that one. As you recall, I have asked you several times what did Gail want the psychologist or psychiatrist to ask me and to find out, but you have refused to answer those emails by me.

Why does my mother have to pay this time? It must also be remembered that all of the money fenstermacher, blumer, her lawyers and others are wasting for Mother's tiny pig pen and all of those wasted and unneeded lawyer fees, when my Mother dies, 50% of that wasted money would have gone to me. I am not giving away my inheritance to strangers just because they think they should have it. I met those kind of people in prison.

evaluation

Ms. Copestick,

For the past 2 weeks, I have sent you and others connected to this matter emails, but no one has responded. I know it is being done on purpose and such behavior is not acceptable when it comes to the health and welfare of a 98 year old woman, my Mother.

About 2 months ago, Gail wanted me to pick a psychologist to evaluate me for something pertaining to visits with my mother unsupervised. As you are aware, since November 2022, that was done with a paid monitor, by me, at a huge cost since I had been and continue to be on welfare. That monitor, brandi, was hand picked by pam blumer, guardian of person of my Mother. Those paid visits were supposed to end after 2 months or so, but were constantly allowed to go on and on, also at my expense. In a Zoom hearing about 4 or so months ago, the then monitor, brandi, is on record as saying the visits were loving and happy. So when will these constant, ongoing need for me to "prove" myself going to stop? Gail gave my sister much praise about 4 or so months ago and eliminated all restrictions of visits and times. Is Gail aware of the torture and torment she and the gang caused by their "plan" on my Mother while my Mother was forced to stay at my sister's house of horrors for 2 weeks? As it is known, my Mother, at about 2 weeks at my sister's house had to be taken to the hospital, unconcious, by ambulance, confined to bed for 6 weeks, treated for starvation, got covid at week 5 where she could have died, had daily blood tests (42 times) and daily needles in the stomach (42 times) to prevent blood clots, then was dumped at a very low rated nursing home that had just opened up from a major covid shutdown. So, why was my sister given praise and no more restrictions? "Plan" was Logie's word in his invoice he used several times to refer to the "plan" to get Mother out of the house to dump her into a nursing home and to evict me so the house could be looted and the house sold to make money. But, ledakis report said mother could stay at home and with me there for over a year, everything was going fine. Ledakis was Gail's hand picked "expert".

As it also is on record, I wanted a means to protect myself from the constant made up lies in brandi's reports by having a simple cell phone to record my visit with my Mother to prove what I said or did not say. Cell phones do not lie, people do. Using a cell phone is

free. That was denied by gelsinger, jaskowiak and Gail. The reason was very obvious: a person is guilty by accusations, not by evidence.

In order for a psychologist to agree, both they and me must know what does Gail want them to "test" me on?

Ms. Copestick,

, I have not been able to access my docket's contents. I have the password and user name. I was talking to Helene several weeks ago and she said there was an issue because I am pro se. I have sent several emails and many phone messages for Helene. She has not returned my calls or emails. The person taking my messages acts very unprofessional as I am bothering her. I do not know who it is.

This is not a game with me. I need to see my docket's contents.

ledakis report #1

Ms. Copestick,

In light of this new scam to take place according to yesterday's Order by Gail for ledakis to give another one of his famous, never independently proven accurate and never proven that his "evaluations" ever took place because he admits he never audio or video records them to prove what the person said or did not say, I happened to reread ledakis report #1. In them, Ledakis claims (see his documents attached) because of Mother's condition, she is susceptible to "financial exploitation" and her rate of decline mentally and physically depends on Mother's living style.

He is right. The ones who are exploiting (stealing) massive amounts of money from my 98 year old Mother, and from me, are the ones directly involved with this massive scam: ledakis, logie, zabowski, klock, jaskowiak, pam and bill blumer, gelsinger, fenstermacher, camp, my sister and Gail. But, they do not want anyone else to steal.

If stealing money was all they did, that is horrible enough. Let's review what the COURT has allowed to happen to my Mother: my sister and logie kidnaped my Mother at 96, put her 2 weeks of torture, torment and starvation by my sister for 2 weeks, My sister refused to let my Mother leave, refused Mother to call me and to see me, Mother had to be put on anti-depressants on the first day, on day 3, Mother's weekly hairdresser of 16 years is on record as saying Mother was shaking and crying and saying "I want to go home, I want to go home", then after 2 weeks at my sister's house of horrors, Mother had to be taken to the hospital, unconscious, by ambulance, confined to bed for 6 weeks, treated for starvation, 42 blood tests, 42 times needles in her stomach to prevent blood clots, she got covid where she could have died, then was dumped in her current pig pen that had just re-opened after a major covid outbreak, paying \$90,000 a year, into a very tiny room, got covid again where she could have died, got influenza where she could have died, put into a locked down section, in solitary confinement, in a sensory deprived environment, has not been allowed outside for almost 2 years, has not been to her regular doctors for almost 2 years, no phone allowed in her room by logie and blumer, not allowed to see ministers, not allowed to see her friends, not allowed to call her friends or her friends to call her, no access to any reading materials (unless I brought them), blumer denied Mother to see me on Christmas, Easter,

Good Friday, Thanksgiving, Valentines Day, Birthday, Mothers Day and several other of my visit days for no reason, plus many more things that have been done to Mother, including stealing all of that money based on fake billing hours and made up, unproven "evaluations". Is this Gail's and their idea of keeping Mother healthy, happy and mentally alert for as long as possible? I call it criminal, fraud, malpractice, elder abuse and financial exploitation.

Several months ago, Gail praised my sister in court and removed all of her visit and time restrictions, BUT, reduced my PAID visits to only 2 a week because of blumer's hand picked monitor's lies in their reports. Of course, I was forbidden by Gail, jaskowiak and gelsinger to have a simple and non intrusive cell phone to record my visits to prove what was said and to protect myself from their lies. Why? To make sure I could NOT prove I was innocent of any lies being said by those paid monitors.

Now, this newest gimmick to give one of the racket to make some more money: another one of ledakis's famous "evaluations". Why? Neither Gail, blumer, logie, jaskowiak, fenstermacher listened to ledakis advice and did what ledakis said in his report #1: Mother stays at home and with Arthur there, everything was fine.

Why does nobody answer my question I have asked those lawyers, and guardians several times: Who ordered Mother kidnaped? There were no court orders for that to be done. Was it my sister and logie doing it on their own? Then, why didn't jaskowiak tell them to take her home? Was it jaskowiak? If it was, why didn't Gail tell them to take mother back home? Somebody ordered it. I and law enforcement want to know.

Is this what is considered normal for guardianships and for guardians to do?

evaluation

Ms. Copestick,

As you recall, I emailed you 3 times what Gail wanted a person to "evalate" me for from her order several months ago. You never replied to them. Why? How is a person supposed to do any "evaluation" if they do not know what they are supposed to do?

In addition, as per this latest "evaluation" scam by ledakis, (that no one ever took his advice), I want to know how long is Gail going to keep trying to find something? Starting in about March 2022, logie told my Mother and I we had to sit in the TV room to eat lunch because never named "staff" said after my lunch meetings and after my phone calls, the "staff" said my mother was "agitated". But, no body asked my Mother. I was never told to leave during our lunches. In November 2022, blumer said I had to pay \$75 to their handpicked liar to sit with use during our meetings and was told the monitor could tell me to leave if I got mother "agitated". She never did. In fact, on a zoom conference about 4 months ago, the monitor said all of the visits were loving and happy. Those watched visits were supposed to stop several times, but were kept on going. No reason given. But, the reports always had lies in them that the monitor was told to put in to be used against me later to reduce my visits. They were and in about February 2023, my 3x a week visits were reduced to 2x and I still had to pay to see my Mother. Gail, jaskowiak and gelsinger constantly refuse to allow me to protect myself from those lies by using a simple cell phone to record the meetings with Mother. Why? Are people afraid I do not cause my Mother to be upset. I had to stop those visits about 3 months ago because I am on welfare because of the money I wasted on lawyers and other expenses because of this guardianship scam on Mother.

Since I cannot see or talk to mother, including by Zoom, is she grieveing everyday because she does not see me anymore? Does she think I might be dead? Does she think I do not love her anymore because I do not want to see her like I used to?

Is this Gail's idea of what guardians are and how guardianship works?

According to the basis of U.S. law a person is innocent until proven guilty in a court of law and a person has the right to face their accusers. When will Gail follow the law and stop this harrassment of me?

kidnapping, election, Larry

Ms. Copestick,

You have not replied to my several requests for the past couple of weeks of: 1. Is Gail up for re-election, 2. Is Larry Weilheimer her husband and if so, is he the vice president and legal counsel of the Philadelphia Inquirer, 4. Who ordered the kidnapping of my mother from her house on August 25 2021 by my sister and logie?, 5. If Gail did not order the kidnapping of my Mother, did Gail know in advance of the kidnpping?, 6. Since ledakis said Mother could stay at home to live and since I had been living there, everything was going fine, why was the kidnapping done? 6. Why did jaskowiak as her lawyer (if he did not order it) and Gail (if she did not order it), why didn't they tell logie and my sister to take Mother back home to live as she was living happy and healthy?

I raise very interesting questions pertaining to the life, health and welfare of my Mother, now 98 years old, who has been living and rotting in isolation, in solitary confinement, in a sensory deprived enviroment for almost 2 years under the control/ownership of jaskowiak, logie, fenstermacher, blumer, klock and the other lawyers to those people?

Why have you refused to answer those questions? No answers to my questions seems to be answering my questions.

court order

Ms. Copestick,

I reread Gail's new order. Her statement #3, is a total lie and I demand that it be rewritten to be truthful. Otherwise, it is just liable. I have never discussed those things with my Mother. Those lies only came from the mouths of those paid liars: monitors hired by blumer as part of the rackets continuous plan to ban my Mother and me from being with each other as a ongoing punishment because of my exposing this and other guardianships as only scams to make money from the victims assets. These guardianship scams have been going on for decades in Montgomery County court and nationwide

I have made it well known that these "monitors" are paid by blumer only to write lies about me in their reports. This is being done only to build up the pile of those fake reports to reduce (further) my visits with my Mother to none. Jaskowiak has made clear he has wanted no visits for me for about 2 years as a punishment on me for exposing this scam of guardianship on my Mother and others.

As Gail knows, About 4 months ago, she reduced my (had to pay) visits from 1 hour 3x a week to only 1 hour 2x a week based only on those fake reports. Those monitors were hand picked by blumer for the racket's sole purpose to ban me from my Mother and I from ever seeing each other for life. How barbaric and inhumane. Is this what is called a proper guardianship for others to follow or what the PA law that says a guardianship must be? (see attached).

I found it extremely bizaar and insulting to my Mother and I that Gail praised my sister at that visitation hearing, about 4 months ago where my hours were reduced, but praised my sister as such a nice person and eliminated all restrictions on my sister as per how many and how long her visits could be. Is Gail aware of what my sister did to my Mother for the 2 weeks after Mother was kidnapped by my sister, held hostage, she was refused to leave, she was refused to see me or call me, had to be put on anti-depressents because Mother did not want to be with her daughter, tortured, tormented and starved to the point Mother had to be taken to the hospital, unconcious, by ambulance, confined to bed for 6 weeks and treated for starvation? Who really is a danger and menace to my Mother, her health, welfare and her life? Who has been the only one who spent a huge amount of money to get mother

back home to live happily and visited Mother every visit day? Who has tried to protect her from losing her money and house and her loved possessions? who has been the only one to try to protect Mother from these vultures? Me!

As Gail knows, I have said many times I have no way to prove I did not say things during my visits. The fact is, that is what the racket wants. Instead of me wasting my little money on a paid liar just to see my Mother, I have said many times why not use a cell phone to record the conversations? Cell phones do not lie. But, not surprisingly, my idea was totally rejected. Also, why has Gail refused to disclose the qualifications for those two monitors who listen, make "accurate" notes, write "accurate quotes", listen, make "accurate" notes, etc, for legal purposes? Why doesn't blumer tell them to type up their notes so they can be read and look professional? At \$75 an hour, is that too much to ask?

Now, Gail wants ledakis hired again to do another one of his famous (never independently proven accurate) "evaluations" that Mother has to pay for and I will also be paying for from my inheritance one day, to see if I can be left alone with my Mother. Why doesn't anybody ever ask Mother what she wants? Again, see the attached. Is ledakis once again not going to record his "evaluation" to prove what he and my Mother said? Why don't all of us see mother and ask her what she wants? No room for lies doing that!

Ledakis was hired twice before by the racket as a "expert" but his advice in his first "evaluation" was never taken by the racket: Mother stays home to live and ledakis said with me there for over a year, everything was going fine. Why wasn't his advice taken? Because the racket wants to evict me, loot the house for themselves, deny mother any of her loved possessions because there is no room for anything in her very tiny expensive room, sell the house very cheap to a friend, who then resells the house at full value and keep the profits for themselves, not the victim. The same plan is used nationwide by other corrupt judges, guardians and their lawyers.

Once again, who ordered the kidnapping of my Mother from her house on August 25 2021 by my sister and logie? Why doesn't anyone want to answer that simple question? Somebody knows. So far, ledakis has refused to answer me how he feels his "expert" advice of mother staying at home was totally ignored. Plus, how does he feel about my Mother, being kept locked down, in solitary confinement, in a sensory deprived environment for almost 2 years. Does ledakis think that is proper and healthy for a 98 year old woman and banning her phone calls to and from her son and friends, not allowed outside into the world, not allowed to go home to see her loved possessions of 98 years, not allowed to see ministers, not allowed to eat the snacks she likes, no exercise, no access to reading materials and paying \$90,000 a year for a tiny pig pen, old and worn out furniture, when she could be living in her large and beautiful home of 21 years. Ledakis knows loneliness and isolation are the worst things for the elderly, especially if they have memory issues. Does ledakis think keeping mother in a cage, like an animal, is healthy and makes her happy?
