

LETTER TO KEVIN STEELE, DISTRICT ATTORNEY OF MONTGOMERY COUNTY

Since the guardian scam started by jsh on May 18 2021, I and many others had tried to get DA Steele to open criminal investigations on the victims of various corrupt judges, guardians, lawyers, psychologists and other. I even protested many times in front of the courthouse, several times with Steele's name on my sign. At one time, Steele even took a picture of me with my sign with his name on it.

On 5 3 25, I sent Steele a 10 page letter with a great deal of information, including my news website [www.JaneHerring.net](http://www.JaneHerring.net). He has not responded so far. I am attaching the green card to prove his office received my letter.

May 3, 2025

Dear Mr. Steele,

I would like to meet with you/office to discuss this case of massive guardianship corruption on my late Mother, Jane Herring. Many other families also of guardianship corruption want their cases opened and those involved prosecuted. Those corrupt guardians, lawyers, etc, have many, many other "clients" (victims). Since October 2021, your department has refused me and many other people their cases of guardianship corruption in the orphans court. I know East Coventry police Chief Mossman because I filed many reports with him on the lack of care to my Mother for the 3 years she was kept locked in as a prisoner in Manatawny Manor in solitary confinement for NO reason, whether to be there at all or to be kept in with people with mental and behavior problems. Mother was NEVER accused of any such problems, of ANY kind. I am including the Gloria Byers case. Byers was a guardian of 105 "clients" (victims) and was found guilty of stealing about \$1 million from them in December 2023. That proves guardianship corruption is a criminal matter, not only civil.

Please read this letter in full and go to my news website [www.janeherring.net](http://www.janeherring.net) to see how my Mother was victimized, stolen from and finally killed/murdered at a low rated nursing home in Chester County by a "guardian mafia". This massive guardian fraud on my now dead Mother, Jane Herring (age 99) went on for three years from August 6 2021 to July 2 2025 that ended in her death/killing by morphine. Mother died unconscious, in a very slow, painful, barbaric and inhumane death by starvation and dehydration. While kept unconscious with morphine by this guardian mafia, Mother was in extreme agony suffering from starvation and dehydration, but could not say a word because she was unconscious. Mother died a very long, barbaric and inhumane death that no human or animal should be forced to go through. This mafia NEVER gave Mother the dignity of hospice and never gave Mother any last wishes she would want, including being with me for as much as possible and dying at her huge home with her much loved possessions. I still do not know and I have been denied the facts pertaining to her death/killing by the judge, guardians and Mother's court assigned lawyer, Jaskowiak. Mother NEVER had any problems or issues to be guardianized. None!

Chester County prosecuted and convicted Gloria Byers in 2023 for her corruption and stealing involving her 105 elderly "clients" (victims) of about \$1 million. But, the FBI in Ft. Washington told me and many other families of victims in October 2021 that these matters were civil, not criminal. In Byers's case, the Chester DA, DOJ, FBI and the IRS were involved in Byers prosecution and conviction.

Mother was a victim of a massive scam by many corrupt people I call the "guardian mafia" ONLY for her vast financial assets, NOT because she needed any guardian assistance and protection for herself and/or her finances. Because there are NO laws in the U.S. on the limit of how many "clients" (victims) a guardian of person and/or guardian of estate can have (own), those guardians, their lawyers and others of my Mother have hundreds more of other victims. One or more of those same guardians of estate may have many, many more victims where they are wiping out the assets of their victims by their unlimited hiring of their friends and billing their victims for those other "workers". Those people buy themselves clothes, cars, trips, meals, jewelry, etc. The family members, lawyers, friends, psychologists, "care managers", etc, hired by the guardians or lawyers, to be a part of the guardian mafia, kick back a percentage or certain amount to the person who hired them. Guardians hire all of the lawyers they want and then bill their victims. In addition, it is not unusual for guardians to take out life insurance policies of millions of dollars on a victim and bill the victim for the premiums. The victim and their families never know it is being done. Life insurance payouts are not taxable, so

the money is pure profit to the guardians. Because the victims are elderly, there is never any suspicion after the victim dies or killed (morphine, suffocation, etc) and no autopsy is ever done because of the victims advanced age, poor health, etc. Those criminals get away with murder and mass theft, but make millions of dollars from it.

The corruption by this guardian mafia included two corrupt judges in orphans court, Weilheimer and Sterling, Mother's court appointed lawyer by Weilheimer, David Jaskowiak, various guardians including Logie (friend of Jaskowiak), Diane Zabowski (Logie's lawyer), Pam Blumer, her lawyer/husband Bill (friend of Jaskowiak) and Bill hired many lawyers in his law firm, a "care manager" Deb Klock (who has a well known history of stealing and over drugging her "clients" (victims) and is friends with Logie), a corrupt psychologist George Ledakis, various untrained "monitors" who were friends of Pam Blumer, my sister jsh (she initially filed the petition), her lawyer Brittany Camp who wrote the petition and the last guardian of estate, Ronald Fenstermacher (appointed by Weilheimer). Fenstermacher is very close friends with jsh. He told jsh to file a petition of guardianship to own Mother and control Mother's vast assets in spring of 2021. Fenstermacher and jsh had tried, about mid 2020, to do the same thing to Mother without guardianship, but I stopped that scam. Fenstermacher was hired by my parents about 22 years earlier to write their Wills, Trust, etc. He was also named, by my parents, as the Executor of the Will and to be my Trustee. Because of that scam attempt and other problems of corruption/incompetence by Fenstermacher, my Mother fired Fenstermacher in about late fall 2020. Jsh dropped out to be a guardian of person and estate to Mother at the petition hearing after I sent jsh a long list of documents of discovery just after the two day petition hearing started in late July 2021. Fenstermacher admitted in court (by my questions) in about early 2024 he had not seen or talked to Mother, his client, for 4 years, including almost the last 2 years of Mother's life as Mother's guardian of estate. Fenstermacher also said in court that same day (by my questioning) he thought his only job was to sign checks as guardian of estate for the mafia and not to worry about waste and fraud by the others. But, Fenstermacher and Jaskowiak, as well as all of the other guardians and lawyers were making decisions for Mother without ever asking her. They were violating various federal and state laws pertaining to the rights of the AIP (alleged incapacitated persons) and the Pennsylvania Rules for those AIP's. Those violations also include violating the Pennsylvania Rules of Conduct for lawyers.

ALL of those people created massive billing hours in their invoices to steal from Mother. But, most of those people had no right to bill Mother because it was the guardian's responsibility to pay their lawyers and others THEY hired as a expense in THEIR business. Expenses by those people in that mafia included travel time and unverified time those people claimed to have been with Mother. Their invoices were always approved by Weilheimer and Fenstermacher. For many years after my father died in 2013, jsh and Fenstermacher tried to steal money from Mother, tried to take control of Mother and her assets without Mother knowing about it. I always stopped those attempts. Mother and I have always had a extremely close and loving relationship. As you also see in my news website [www.protectmyparents.us](http://www.protectmyparents.us), in my other news website [www.janeherring.net](http://www.janeherring.net) and by the enclosed article about Gloria Byers, guardianship corruption scams are major crimes nationwide and taken extremely seriously by the IRS, DA, FBI, DOJ and especially by the families of those victims.

Mother was killed (murdered) at age 99 on July 2 2025 by the guardian mafia, with morphine. Mother died unconscious, alone, in her tiny bed, in the low rated nursing home of 3 years, in a extremely slow, painful, barbaric, inhumane way of starvation and dehydration. Mother was never given right of hospice by the mafia or allowed to have any last wishes, including seeing me for as much time as possible and going home to die in her much loved house and loved possessions of almost 100 years. My former lawyer and I had been denied to see any records by judges Weilheimer and Sterling from the nursing home or the hospital while my Mother was there. No reason given. During the scam, I got only bits and pieces of what was happening to my Mother and only some of her injuries. I have no idea what pills or other drugs Mother was forced to take, whether she

wanted them or not. I know she was getting some drugs by what my Mother had told me when she first was dumped there. The "story" pertaining to my Mother's death from the mafia was she was taken to the hospital because she fell (one of many times), the doctor examined her for any injuries from the "fall", discovered cancer on her back, said it was incurable and because Mother had said she did not want any life saving measures in her will, she was sent back to the nursing home to die/killed in her tiny bed. This mafia refused to let me see her for about 7 months before Mother was about to be killed/die hours later. They did not tell me she was dying (soon to be killed) until I went to see her the day before Mother died. I was not allowed to see her before because I did not have any more money to pay the mafia's hand picked, untrained "monitors" (paid liars) who were hired by pam blumer to sit next to Mother and I during our very brief visits. The mafia hired them to write various lies about Mother or me in their reports to be used against me to further restrict my visits and time with Mother.

After Mother was declared "incapacitated" by Weilheimer, based on Ledakis's (hired by Weilheimer) self admitted, unreliable "evaluation", on August 6 2021, Mother was kidnapped from her home on August 25 2021 by jsh and Logie as part of Logie's "Plan". Logie had used a lie that a "care manager" (Klock) wanted to meet Mother that day. Instead, he brought 2 cops with him and they held me on Mother's porch so I would not interfere with Logie/mafia's "Plan". Jsh arrived very soon and took Mother out of her house and into jsh's car. I heard Mother yelling that she did not want to go. After they had left, Logie had Mother's car towed away and sold. Mother was forced to stay at jsh's house as a prisoner, drugged and starved. Mother was denied to leave, denied to call me and I was denied to see Mother by jsh. That night, I called the police for a wellness check. That cop later told me a few hours later he saw her at the window, but never talked to her. WTF? The next night, I called the police again for a wellness check. But, they refused to do so on a person 96 years old? There was never any court order for Mother to be kidnapped. Her court appointed lawyer, jaskowiak, refused to have Mother sent home. Why? On the third day after the kidnapping, weilheimer told me on the phone that if I ever called for another wellness check, she would put me into prison. WTF? For caring about my 96 year old Mother? About a week after the kidnapping, jsh took Mother to her final hairdressing appointment, to Mother's hairdresser of 16 years and jsh left for a hour. The hairdresser told me Mother was shaking and crying saying "I want to go home, I want to go home". After about 12 days, Mother passed out at jsh's house. Mother had to be taken by ambulance, unconscious, to the hospital, confined to bed for 6 weeks and treated for starvation. She was given daily blood tests (42 times) and her arms were black and blue from them. She also had to have daily needles in her stomach (42 times). At week 5, Mother got covid where she could have died. Mother was then dumped into the low rated "pig pen" Manatawny Manor. Jsh has always hated her Mother and did not care how my Mother was being forced to live until she died and did not want Mother and I to see each other.

Jaskowiak refused to demand Mother be sent home and refused to demand punishment for jsh after what jsh did to HIS client by kidnapping Mother, drugging her and starving Mother to the point of needing to be put into the hospital. Why? Mother was then dumped into that low rated nursing home that had just reopened from a months long covid shutdown. Mother was kept in a locked in section, in solitary confinement with people with mental and behavior problems. Mother was NEVER accused of ever having any mental or behavior problems. Mother was not allowed back into society or to go back home. While in the low rated nursing home in the locked in section, Mother got covid again and a major case of influenza where she could have died. Mother could have come home at any time, but the mafia refused to let her do so for fear of losing control of Mother, their private bank account.

There was NO court order by weilheimer for that kidnapping. I sent emails to everyone in this mafia asking who ordered the kidnapping of Mother and why. NOBODY responded, including Jaskowiak. Weilheimer appointed lawyer Jaskowiak to Mother, only 2 days after Mother's daughter, jsh, filed her petition for

fact was

guardianship (ownership) of Mother only for Mother's vast financial assets. But, Mother had the assets to hire her own lawyer she could trust. After Mother was dumped into the nursing home, Mother was kept in a locked in section, in solitary confinement at the nursing home for 3 years until her death, kept in a sensory deprived environment, no phone, no usable TV, broken furniture, stained sheets and towels, torn bedspreads, no mail or visitors allowed, no ministers allowed, not allowed outside into society, not allowed to go to her massive 3 bedroom, 3 bath house in a gated community, not allowed to eat the food she wanted, even though she had no food allergies or diet restrictions, dead rodents, covid infested constantly, denied a table and denied go to any other nursing home that was much, much nicer and much less expensive. Jaskowiak was in Mother's house 4 times to meet with her before Mother was kidnapped. He refused to let me sit with Mother during their meetings and refused to make notes for Mother for us to review. Why? Jaskowiak saw how big and beautiful her house was and filled with antiques, oriental rugs and other beautiful things. Why would jaskowiak want his client to live like a rat in a cage until she died? Why? Mother's house was priced at \$500,000 and was paid off when it was built new 21 years earlier.

Corrupt guardianships nationwide seem to have the same playbook and use the same rules in it. One of the tactics used nationwide by corrupt guardians is to make up lies about a family member(s) who have criticized the guardian's lack of care to their loved one in any way. Their tactic is called "demonizing". Those lies are used by the guardian to restrict or deny visits to family members, including husbands, wives, sons, daughters, etc. Those corrupt guardianships use visits as a weapon and punishment on those people they do not like. The mafia did that to Mother and me.

The mafia used two lies for three years against Mother and me. The first lie was I fed Mother fattening food that made her legs swollen when we had our brief visits for only one hour, 3 times a week during Weilheimers allowed visits. Mother had NO food allergies and NO diet restrictions. I would bring the same food for our lunches that Mother ate at her home. At most, we only had 3 lunches a week together, compared to the 20 meals a week the nursing home gave her. I was the one who Mother told about her swollen legs. The guardians and the nursing home refused to take her to the hospital or gave Mother the right treatment for her legs. I had to call the paramedics because I was afraid of blood clots that could kill Mother. Those three visits a week would soon be cut back dramatically based on never proven lies by the guardian mafia about me. Weilheimer never gave any reasons why she had severe restrictions on visits. Those severe restrictions started after Mother had to be taken unconscious, by ambulance, to the hospital, confined to bed for 6 weeks and treated for starvation because of jsh in early September 2021. The obvious fact was weilheimer was using restriction and denial of visits with Mother only because I was constantly exposing the guardianship scam on Mother. That scam lasted for three years until Mother's killing/murder by the mafia.

The second lie used by the mafia was that after my visits, I made Mother "agitated". But, nobody ever asked Mother if I did. Why? The mafia claimed the nursing home "staff" made those claims, BUT nobody was ever named or brought into court to testify. Why? The law says a person is innocent until proven guilty in a court of law and a person has the right to face their accusers. All lawyers and judges know that. Why did the mafia refuse to bring any of their accusations and "witnesses" into court to charge me? Why? Because there were NEVER any such accusers. The mafia/their lawyers/Jaskowiak REFUSED to let me use a cell phone to record my visits to prove I did not make Mother upset. Why? The "monitors" (blumer's friends) claimed I said or did things against Weilheimer's court orders. The mafia did not want me to tell Mother about her rights she had in this scam guardianship, including to go home, get a new lawyer and new guardians with the threat of prison if I did. Jaskowiak and others in the mafia wanted to deny me ALL visits with Mother until her death because I was exposing their scam on Mother. The mafia also had many, many other victims as I learned.

Various other types of lies were used to restrict and deny visits with Mother, along with phone calls, by Logie/Weilheimer/jaskowiak. The mafia had told the staff at Mother's pig pen to listen in on our phone

calls that we had only for a short time and to listen in through the intercom in Mother's room when we had our visits in her room for lunch, until the mafia stopped our private room visits after only several months as another punishment. Jaskowiak NEVER did anything to help and protect Mother, his client. Why?

I had spent over \$100,000 on lawyer and other costs, including losing my home I owned, to get Mother home. I was on welfare by now and soon would be living in my car. I was forbidden by Weilheimer and Sterling, with many orders by them (with the threat of prison), to tell my Mother anything about the mafia scam on her, me being evicted from her house where I had been living (at her request) for two years because we were so close and that Weilheimer and Jaskowiak had put me into prison twice for exposing their scam where I could have been raped or murdered. To this mafia, what they did to me was "Nothing personal, just business".

It was only hours before Mother actually died/killed, did I finally see my Mother, who was unconscious in her tiny bed no wider than her pillow. The door to her room was open and she was in her bed unconscious. I thought she was sleeping and said to the one of the 3 who would be watching me, will they wake her up? The director said "She is passing", meaning dying. That was the first time I found out Mother was dying. I had not been able or allowed to see or talk to Mother for about 7 months before she died because I was on welfare for about 3 years and was living in my car for about 1.5 years because the mafia had evicted me from my Mother's house where I had been living with Mother for about 3 years. Weilheimer, Jaskowiak and Fenstermacher never asked Mother if she wanted me evicted from her house. Mother had that right to decide. I had spent all of my money on lawyer fees and other costs to get Mother home where she belonged. I could not visit Mother for those 7 or so months before she was killed/murdered because I had no more money to waste on Blumer's "monitors" (paid liars) who were told by Blumer/mafia to write lies about my visit with Mother to be used to restrict and deny visits with Mother. Those visits were used as a weapon and punishment for exposing the guardian scam on Mother. Mother looked very thin and her hair felt like straw, as if her hair had not been washed for many weeks. I had brought Mother red roses, as I had always done everytime I visited Mother. Her eyes were about 35% open, but she was unconscious. Her mouth was open and her tongue was curled. I squeezed her hand, but got no reaction. A white sheet was covering her. I lifted it up and she was bone thin. I was never told Mother was going to die. The mafia's story to me was she had been taken to the hospital from her "fall" to be xrayed, doctors said she had incurable cancer on her back and was sent back to the nursing home to die because her will said no life support. I was told only hours before she was killed/died. I was able to gather other bits and pieces of other injuries suffered at the nursing home. I was only allowed to be with her for one hour for that last visit and was watched by three people during that visit. No reason given why I was never allowed to have as much time as possible alone with Mother and she with me after the mafia claimed they knew she was dying a week earlier, IF that was the real fact. I was told by the nursing home director, who was one of those 3 watching me, that I was not allowed to take any pictures of Mother or I would be told to leave. The fact is, pictures would be evidence of mistreatment of Mother. I was extremely mad that those 3 people just stared at me while I was with Mother and sometimes crying. I could not say words of love to Mother because they were just staring at me. At the end of one hour, they told me I had to leave. How barbaric and inhumane of them and everyone else connected to the scam on Mother.

Nationwide, it is not unusual for other corrupt type mafias to take out life insurance policies on the victim and bill the victim for it. Life insurance is non taxable and who would suspect any foul play when a very elderly person "dies" if they had previous health issues? Did anyone tell her she was going to die? Maybe she would have wanted to have treatment for cancer because she was in such excellent health before she was guardianized and "owned".

Jsh hated her Mother and me her entire life. Jsh was a extremely spoiled and selfish child and adult by my parents. Jsh never considered me a brother or wanted to associate with me in any way. My sister, jsh,

because she was working with the mafia, was always given special, inside information and treatments, such as unlimited time and visits with Mother by weilheimer in early 2023. Do not think jsh ever saw Mother more than a few minutes during a visit and only about once a month. When my Mother died, jsh took the diamond engagement ring off of Mother's finger that Mother had worn for 80 years. No reason given, but was allowed by fenstermacher, jsh's close friend. Jsh buried Mother in a pajama top and sweat pants instead of the nice clothes Mother wanted to be buried in. Jsh even changed the casket Mother had picked out years earlier and gave Mother a much cheaper one to be buried in. Jsh had told the funeral director that I was not allowed to take any pictures of Mother as a memory or be allowed to leave any notes of love with Mother in her casket. No reason given. At the funeral, jsh said how much she loved Mother. WTF? She allowed Mother to be tormented, tortured and stolen from for 3 years and allowed others to steal from her Mother, but claims she loved Mother? WTF?

Mother's nightmare started just 2 days after Mother's 96 birthday on May 16 2021 when jsh filed her petition of guardianship on Mother and for Mother's vast assets. Jsh admitted in court, by my questions, that she never discussed her plan of guardianship (ownership) with Mother. When I asked jsh why not, jsh said she did not think it was that important. NOT important? Jsh NEVER brought in any of Mother's yearly experts (doctors, tax people, investment people, etc) to say Mother had any problems in her life. That is because Mother had NO problems. No bad checks, no unpaid taxes, no unpaid bills, no ignored medical problems, etc. Because of that lack of proof, weilheimer should have voided jsh's petition. Weilheimer did not do so the mafia could get Mother's assets. Jaskowiak refused to bring Mother into court to speak for herself. Jaskowiak REFUSED to defend Mother from the fake petition. Jaskowiak, as Mother's court appointed lawyer, refused to attack jsh's petition. Jaskowiak never defended Mother because he wanted Mother to be guardianized for her vast assets for this guardian mafia. Mother was declared "incapacitated" by Weilheimer, which included the fake "evaluation" by the grossly incompetent and corrupt psychologist, Ledakis. Ledakis, by my questioning, admitted he had no independent proof of accuracy for any of his "tests" or for his "evaluation. Mother was NEVER allowed, by weilheimer or jaskowiak, to hire her own lawyer, who Mother could trust, even though Mother had the vast assets and the right to do so.

Fenstermacher, for the last two years of Mother's life as her guardian of estate, wasted hundreds of thousands of dollars of Mother's money through fraud and gross neglect, including keeping Mother in that nursing home at about \$90,000 a year when the court accepted cost of Mother living at home was only \$16,500 a year. In addition, more waste was allowed by Jaskowiak's last picked guardian of person, Cynthia Ellis. Ellis was never certified as a guardian and was never a guardian to anyone. My ex lawyer filed a petition to have Weilheimer recuse herself from the case because of Weilheimer's obvious corruption allowing all of the mafia's fake invoices to be paid. But, Weilheimer refused to do so because she would continue to protect the mafia, including herself. Weilheimer's husband is chief legal counsel for the Philadelphia Inquirer and has banned all stories about the corruption in the orphans court and its judges. While Mother was alive, I filed a complaint against Weilheimer with the Judiciary Conduct Board to have her disbarred, but they refused to take any action. In addition, while Mother was alive and about 1.5 years before she was killed/died, I filed complaints with the Disciplinary Board to have Fenstermacher and jaskowiak disbarred. But, the board refused. After Mother died in 2025, I had a lot more information and documents about the scam and Jaskowiak and Fenstermacher's involvement in the guardian scam. I again filed complaints with the Disciplinary Board to have Fenstermacher and Jaskowiak disbarred. Again, the Board refused.

I had spent most of my money on a lawyer to help Mother before the petition hearing started, so I had to be pro se at the petition hearing and for most of the 3 years of this guardian scam. I did not have any time to find a psychologist of my own to "evaluate" Mother. But, I was the best person to testify about Mother and any problems because after my father died in 2013, I was with my Mother every day for about 6

hours, including for dinner and with her when she was driving her car up until Mother became "owned" by the mafia. Weilheimer ONLY based her decision that Mother was "incapacitated" on the claimed "evaluation" that was done by Ledakis, who only had his PhD for a year and was NEVER a member of the American Psychological Association and NEVER a member of the Pennsylvania Psychological Association. I got Ledakis to admit in court at the petition hearing he had NO independent proof of accuracy for any of the "tests" he claimed he gave Mother in private and he had NO independent proof of accuracy for his "evaluation" of Mother. I also got Ledakis to admit at the petition hearing that he never audio or video recorded his sessions with people. Using cut and paste of one name for another, Ledakis's same report could be used for 100 or 1,000 other people. Despite all of that gross incompetence (fraud) by Ledakis, weilheimer took his "word" of his results and hired him many more times and always accepted ledakis's results as "facts" to deny me normal time with Mother, including taking her out into society. Ledakis admitted he had NO proof he ever gave any "evaluation" to Mother because he (Ledakis) never audio or video taped his sessions with anybody. Weilheimer used ledakis many times because he always said what the mafia wanted him to say so they would keep rehiring him for money. ALL of those people billed my Mother with their massive billing hours (including "travel time") even though most of those people were the responsibility of the guardians to pay as part of their business, NOT billing Mother. But, Fenstermacher always approved their invoices without questions.

Where was jaskowiak all of this time for Mother's benefit? Jaskowiak's job and responsibility, as Mother's lawyer, was to protect and defend Mother. Jaskowiak knew guardianship laws and rules extremely well. In October 2019, jaskowiak was on a 3 person panel, for 3 hours about guardianship laws and rules for lawyers. I saw that video many times. According to the PA Rules of Conduct for lawyers, Jaskowiak was supposed to keep in constant contact with his client, Mother. BUT jaskowiak only saw Mother TWO times, in 3 YEARS. Jaskowiak was constantly filing and replying to petitions on Mother's behalf, but ALWAYS against me and against Mother's benefit, but always FOR the financial benefit to him and the guardian mafia. HOW could jaskowiak file any petitions in behalf of Mother, if he NEVER talked to or saw Mother and NEVER asked Mother what SHE wanted? Weilheimer ordered me (always with the threat of prison) not to discuss the guardian scam with Mother so Mother could not exercise her rights of what she wanted or did not want just to protect the mafia's money grab on Mother. Mother, even as a supposed "incapacitated" person, had federal and state rights and had many Pennsylvania rules to protect her from abuse and neglect. There are Rules of Conduct for lawyers, but they were always ignored by Jaskowiak, Fenstermacher and the mountain of other lawyers in this mafia stealing from Mother.

In August 2023, weilheimer, Jaskowiak and Fenstermacher evicted me from my Mother's house where I had been living for 2 years (with Mother wanting me to live there in writing) WITHOUT ever asking Mother if she wanted me evicted. Weilheimer then ordered me (with threat of prison) never to tell Mother I was evicted. I was forced on to welfare about 3 years ago and had to live out of my car since then because of all of the money I have spent about \$100,000 for lawyer costs and other costs trying to help Mother get out of the scam and back home. In 2021 and 2022 Weilheimer and jaskowiak put me into prison 2 times for exposing the guardianship fraud on Mother on my news website: [www.protectmyparents.us](http://www.protectmyparents.us). Jaskowiak also threatened me with prison 2 different times because I had set up a Go Fund Me account to raise money to help pay my lawyer fees. Jaskowiak claimed it was invading Mother's right to privacy, but I never mentioned Mother's name in it. But, Jaskowiak, weilheimer or anybody in the guardian mafia NEVER asked Mother what SHE wanted. WHY? Jaskowiak and Mother's then guardian of person, pam Blumer, NEVER asked Mother if she (Mother) wanted me to go to prison. Mother had given me permission to disclose everything about her, which she had that right, even though Mother was claimed to be so called, "incapacitated" by Weilheimer and the quack psychologist, Ledakis, who claimed he did an "evaluation" on Mother.

Mother had less privileges than a POW under the Geneva Convention and less privileges than a any person in prison. WHY? That massive waste of Mother's money and the barbaric and inhumane conditions Mother was forced to exist in was allowed by the first guardian of person and estate Logie (friend of Jaskowiak) for Logie's 6 months that Logie was a guardian and later by guardian of estate Fenstermacher for the last 2 years of Mother's ownership by the mafia until Mother was killed/died by them. Who knows how many drugs Mother was put on by the mafia to keep her quiet? Who knows what condition Mother was turned into by those drugs? Did Mother even remember who I was? Did Mother think I did not love her anymore because I did not see her? Did Mother think Jsh and I worked together to kidnap Mother from her house and put her into that tiny pig pen with nothing she loved from her home of 21 years and her life of almost 100 years?

Why did Jaskowiak refuse to defend and protect his client, Mother, for 3 years she was owned by this mafia? It seems Jaskowiak was always in charge of this guardian mafia.

Guardianship corruption has been nationwide for decades. Visits of families with their loved ones are used by guardians as a weapon against those who criticize the guardian's treatment of their loved ones in any way. The guardian makes up lies about a family member to use against them to restrict/deny visits. Their tactic is called "demonizing". This guardian mafia used that tactic against me for exposing their corruption and indifference to the health, welfare and happiness of my Mother. BUT, nobody in the mafia ever wanted to prove their claims against me in court. WHY? When I filed a petition for them to prove their lies in September 2023, all of the lawyers, including Jaskowiak, begged the second judge, Sterling, to deny my petition. Sterling did what they wanted. The mafia lawyers, Weilheimer and Sterling ignored the basis of U.S. law: A person is innocent until proven guilty in a court of law and the accused has the right to face their accusers.

Weilheimer lied in her letter to me in June 2023 (posted on my news website [www.janeherring.net](http://www.janeherring.net)) about her having my email blocked only to her office by the county IT person Olivieri. But, in fact she had Olivieri block my email to all county agencies, a criminal act, including sheriff, DA, county commissioners that I was using to help my Mother go back home and out of this guardianship scam. Weilheimer had no authority to do that and doing so is against the law. But, the Judiciary Conduct Board did not care. In late 2023, I filed an emergency petition for Sterling to unblock my emails that Weilheimer had blocked. Sterling denied my petition and said there was no emergency to do so. WTF? In about February 2025, I filed a form to have a copy of court documents from April 2024 to present. I was not able to get them because Weilheimer had blocked my access to see my court documents while Mother was alive. I always had to go to the courthouse to get a copy on a thumb drive. Sterling refused to let me have those documents. No reason given.

There were many problems that did not allow me the time to get those documents when they came out. I was put in prison twice in the spring of 2024 by Jaskowiak. He claimed, using a local cop's (Komatick) fake affidavit, claiming my protest had no basis and there for I was harassing Jaskowiak. Jaskowiak knowingly signed onto that fake charge, but Jaskowiak was a lawyer, he knew the constitution and took an oath (as do all lawyers and judges) to defend and protect the constitution of the U.S. and that of Pennsylvania. Jaskowiak knew I had the right to protest on a public sidewalk. Jaskowiak knew there was no harassment to him, but Jaskowiak wanted that charge of harassment to put me into prison as punishment to me for constantly exposing him and the mafia in their financial scam on Mother. Also, Jaskowiak did not want his neighbors to know he was in criminal activity and also wanted to punish me, using lawfare and SLAPP, because I was exposing the mafia scam in many ways, including being on a nationwide, weekly radio show only dealing with guardianship corruption and always talking about Jaskowiak on the radio. I was also protesting in front of the courthouse in Montgomery County on a regular basis. Then Mother was killed/died on July 2 2024 and all of the problems after that with Fenstermacher. Fenstermacher was also Executor of the Will and my Trustee. Fenstermacher has done everything he can to deny me what my Mother had wanted me to have because I

had exposed his involvement in the guardian mafia. Documents, orders, emails and pictures do not lie. People lie. My news website [www.janeherring.net](http://www.janeherring.net) has those documented facts proving the guardian ownership and scam on Mother.

Keep in mind, the petition for guardianship for both person and estate by jsh had NO, repeat NO documented facts that my Mother needed any guardianship. NO mention of any mental or behavior problems, NO neglected health problems, NO unpaid taxes, NO unpaid bills, NO bounced checks, NO checks written in bizaar amounts or to strangers. Mother's massive 3 bed room, 3 bath house in a gated community valued at \$500,000 was paid off 21 years earlier after the house was built. Mother and I cleaned her house weekly, Mother washed her own clothes and showered every night. Mother did NOT use a cane, NO dentures, NO diapers. Mother was still driving her car safely at age 96 when jsh filed her petition 2 days after Mother's 96<sup>th</sup> birthday. Jsh NEVER brought in any of the people Mother dealt with every year (doctors, investment people, tax people) to testify to prove Mother ever needed any guardians. Jsh NEVER brought in Mother's primary doctor of 21 years to say if there was anything Mother needed a guardian for. Why? Because that doctor knew Mother NEVER needed any special help. I got jsh to admit in court she NEVER discussed guardianship with Mother because jsh did not think discussing something as drastic as taking over Mother's life, assets and freedom was that important. Jaskowiak should have demanded jsh's petition be thrown out because it did not have any proof for Mother to have any guardians, but jaskowiak never did. Jaskowiak wanted Mother to be guardianized for her money and assets for the mafia.

Because Jaskowiak refused to let Mother come to court during the petition hearing or ever let Mother speak for herself and say what she wanted or did not want in court, Mother wanted to write a letter to Weilheimer. Mother wrote a letter in about mid April 2022 to Weilheimer. Weilheimer refused Mother's letter as being real because weilheimer hired Ledakis again and Ledakis claimed Mother could not have written the letter because she was "incapacitated". Why didn't weilheimer, Jaskowiak or fenstermacher ASK Mother what she wanted or did not want? Why didn't Ledakis ask Mother if she wanted what she wrote in the letter? As part of this mafia, Ledakis wanted to make as much money as possible by saying what the mafia wanted him to say. BUT, Jaskowiak was on a lawyer only conference in March 2022 and claimed he saw Mother at her pig pen and Jaskowiak claimed Mother said she liked her room, liked the food and liked the people in her locked in section. SO, Jaskowika is saying Mother KNEW what she liked and therefor had that ability to think rationally. That is proof Mother's letter WAS written by her and Mother DID know what she wanted. Mother wrote in her letter to Weilheimer she wanted to come to court to speak for herself, she wanted a new lawyer, she wanted to go home and she wanted me to live with her again. Her handwriting was perfectly legitble, her sentences were straight, she had margins and she spelled all of her words correctly. Mother KNEW what she wrote. But, her letter was denied because if her letter was obeyed, the mafia would lose their grip on Mother and on their bank account.

Weilheimer, guardians, their lawyers, Klock, jsh and jaskowiak denied Mother federal laws, state laws and many rules for those declared "incapacitated" for Mother's health, welfare and happiness. ALL of the lawyers involved violated the Rules of Conduct for lawyers for Mother. Those Rules, federal and state laws are posted on my news website [www.janeherring.net](http://www.janeherring.net)

There has been a very long and documented cancer in orphans court for decades, especially in Montgomery county, that has destroyed many, many lives of victims and their families involving corrupt judges, lawyers, guardians and others. For example, Facebook has a site called Shenanigans in the Montgomery County Court that has been up for almost 25 years. My other news website is [www.protectmyparents.us](http://www.protectmyparents.us) that also has many links, articles and videos about guardian corruption. The article about Gloria Byers, a guardian who stole about \$1 million from her 105 victims (clients) and was found guilty proves guardianship corruption is a crime, not a civil matter. You Tube has thousands of videos from

news media and families about guardian corruption to them. DA Steele has refused to open any cases of guardian corruption, including mine and many, many others who went to him. The FBI in Ft. Washington refused 4 years ago to open up criminal cases on Mother and many other victims because the agent said they were a civil matter, not criminal. But the FBI office in Philadelphia certainly did not think so with the Gloria Byers case. She was just one person and did not include corrupt judges, corrupt guardians, their corrupt lawyers, corrupt psychologists and a corrupt care manager.

WHY DID THE MAFIA KILL MOTHER? My previous lawyer and I were always denied the medical records and those at the nursing home on Mother. WHY? There were many reported injuries to Mother. But, the guardian mafia only made them look minor. They were NOT. My many, many emails posted on [www.janeherring.net](http://www.janeherring.net) to all of those in the mafia prove the many problems affecting Mother's life, health and happiness that nobody in the mafia ever corrected. WHY? ANSWER: Mother was only a bank account to the mafia, NOT a human being.

I brought Mother many things to make her happy. I always brought roses for her, but I learned after I left, they were thrown out by the staff. Was the staff told to do so to punish me? I bought Mother 2 different cell phones to call me, but they were also stolen. I bought her newspapers and magazines for Mother to read since her locked in section did not have any. Those too were thrown out. I bought her many plants to make her room look pretty. Those also were thrown out in a day or so. I bought her Christmas trees twice to make Mother feel happy and for her to decorate. But, they were also thrown out. In early 2022, a few months after the scam started, this mafia forbid me to be in my Mother's room with her and to even walk her back to her room after our visit was over as a punishment to me for exposing the scam.

From August 25 2021 when Mother was kidnapped by jsh and logie to when Mother was killed/died from morphine by the mafia on July 2 2025, based on 16 hour days (8 hours for sleeping), out of a possible 24,700 hours Mother and I could have been together, this guardian mafia only allowed us 224 hours. How can anyone in that guardian mafia think a 96-99 year old woman should be denied to be with her son for as much time as she wanted

This was NEVER a guardianship, only a OWNERSHIP of Mother. WHY was Mother ever guardianized when NOBODY ever cited any example or examples of anything Mother did wrong to be guardianized? The ownership of Mother was only a financial scam for Mother's money and house. What problems did Mother ever have that this mafia "fixed"?

There must now be an investigation on the scam and death to my Mother by this guardian mafia. My news website, [www.janeherring.net](http://www.janeherring.net) has those emails, documents, video's and pictures to prove the scam that ended with the death/killing of my Mother at age 99.
